The friends of Mr. Day in this city are hard at work, and he will more than likely get a majority of the Norfolk delegation his chances to win are first-class. Portsmouth will be solidly for Tyler. LYNCHBURG, VA., June 28.-Special .-Roanoke's batters could bit the ball and haps a sufficient reason for Roanoke to win the game, but, as if it was not enough, the home team had to contend against the rottenest umpiring ever seen here, and Lynchburg got the worst of it. One rank decision excited the indignation of the crowd to such an extent that it looked for at time as though the umpire would be put off the grounds bodily. Effils was on hirst when Boyd drew back to pitch, then made a balk, threw the ball to first and caught Ellis between bases. The balk was so plain that when the umpire cafled Ellis out, instead of giving him a base, the spectators were infuriated. A score of men started toward the diamond, but cool counsel prevailed, and the game went on.

Roanoke made four runs in the first inning on O'Hagan's two-bagger, Creckett getting a base on balls, and hits by Mc-Hoverter and Cavanaugh, and a wild throw to third by Boucher.

Lynchburg's half of the fourth had some results. Suilivan hit to right field, made third and scored on a passed ball. Wynne hit to left and McGettigan came in on a passed ball. Wynne scored on a wild throw.

In the sixth for Roanoke, Frech, Demoss and O'Hagan made hits, scoring Frech.

In the seventh for Lynchburg Wynne got a base on balls and Webster smasned the ball over the fence. Jobe hit to left field, stole second, and scored on a wild throw from first to third.

This gave Lynchburg one run ahead, but Roanoke got her lead back within the same inning. McHoverter took his base on balls: Boyd was hit by a pitched ball; Cavanaugh struck for a single, and McGinnis papped a two-bagger, scoring two men. Another two-bagger by Freen scored two more. O'Hagan made a three-bagger in the eighth. MeHoverter got first on Ellis' fumble, and O'Hagan scored. Boyd's fly to right field was muffed. Cavanaugh got his base on balls, and McHoverter scored on McGinnis' hit.

In the ninth for Lynchburg Webster's third strike passed the catcher and he made his bose. Jobe and Ellis got bases on balls. Boucher, knocked an infeid bail that put Ellis and himself out, Webster crossing the plate. Leaby's hit scored Jobe. Score:

Aunt Hannah and Master Harry,

Aunt Hannsh and Naster Harry.

There is in New Orleans a case which illustrates the love existing between the old-time slaves and their masters. Many years ago there lived in Mississippi a planter named Bradford, who owned many slaves. At the time of the war the planter was killed, and his son, a wild, harum-scarom boy, after settling up the estate disappeared. Ten years ago a man was arrested upon the streets of New Orleans for drunkenness. He was a repulsive looking object, his face covered with a matted beard and his clothes tattered and torn. At the police station some papers revealed that this tramp was Harry Bradford. The newspapers mentioned the case and some one told Aunt Hannah, his old black mammy, then eighty years of age. She had a little home of her own, and was still able to make a living as housekeeper. When she heard that "Master Harry" was in trouble she took her little savings, paid his fine, carried him to her cabin and there for the past ten years she has cared for and supported this wreck of humanity.—Cincinnati Enquirer.

James T. Hightower, loom repairer in the Warsaw (Ill.) woolen mill, is a hearty, stout, able-bodied man of nearly sixty years, but for the last eighteen years he has never been known to sleep. He goes regularly to bed, and if out a few hours later of evenings than customary he experiences the same sleepy sensation that ordinary mortais do; but no matter how late he remains out, or how many nights in succession, he cannot sleep—he simply rests—and will answer any question put to him promptly at any hour of the night. Local physicians have made a study of his case, but are unable to solve the problem.—St. Local Parablia.

MEN ARE NOW OUT.

The American Railway Union Developing Unexpected Strength_Strikes Looked

are now out on a strike on account of the refusal of the Pullman Company to settle the differences with its employes in the shops. By to-morrow night nearly double that number will have been ordered out, and the strikers will include not only members of the Union, but Knights of Labor, Brotherhood men, and Knights of Labor, Brotherhood men, and other organizations which can in any way affect the interests of the roads which have decided to stand by Pullman. It was given out at headquarters to-day that to-morrow morning the different railroads out of Chicago handling Pullman cars would be sufficiently crippled to admit of the removal of the base of operations of the American Railway Union from Chicago to St. Louis.

admit of the removal of the base of operations of the American Railway Union from Chicago to St. Louis.

Marshall Elliott, a representative of the union, was sent to St. Louis to-night to call out the men on all the roads except two entering the Union depot with Puniman cars in the trains. To-morrow night, if necessary, President Debs and Vice-President Howard will go to St. Louis to take charge of the strike there. It is confidently asserted that within two days all the railroads out of St. Louis handing Pullman cars, excepting the Missourl Pacific, will be asked to cancel Puliman contracts or incur a strike. Vice-President Howard said that the union would not exempt a single road in the West or Southwest, and, if hecessary, all of the more important of the eastern roads would be tied up, in order to force a settlement of the Pullman strike. From the showing made within the last three lays by the Union, the railroad men see inclined to believe that the statement is mays by the Umon, the railroad men are nollned to believe that the statement is no idle boast.

TRAINS MANNED BY OFFICERS, Trains manned by officers.

Trains on all of the roads were gotten out in fair shape to-day, although the most of them were made up by the officers and their assistants.

The feature of the Union's work to-day was the speedy zettlement effected with the Chicago, Milwaukee and St. Paul. This morning a special committee was sent to the general manager of the Milwaukee with a request that the road refuse to handle Puliman sleepers. Through a misunderstrading a bumber of the Milwaukee men struck before an answer a misunderstanding a number of the Milwaskee men struck before an abswer
was given, and this led to the report that
the road was tied up. The company's
ordicials lost no time in informing the
Union officials that Fullman sleepers
would not be hauled over the road, and
within an hour the nine objectionable
cars which are run on that line, were
sidetracked. President Debs immediately
ordered the men back to work, and the
road suffered but little inconvenience.
United States Circuit Judge Caldwell
has telegraphed the receivers of the Santa
Fe system that the employees are at liberty to strike, but they must quit the
employment of-the road and refrain from
interference with others who take their
places. Attorney-General Olicey has telegraphed District-Attorney Milenrist to a
similar effect, and to-morrow action will

of the United States courts along their lines.

The strikers had much the best of the situation to-day on the Illinois Central. That road is almost entirely tied up in this city and the Illinois division, and thousands of dollars are being lost along the line by the inability of the company to handle freight, the practical abandonment of its vast suburban service, and the timidity of the traveling public. The greatest loss to the road is probably in the demoralization of suburban traffic.

There is considerable talk about the shutting down of the large manufactories in Chicago on account of the strike, and owing to the inability to ship out goods or get in material. The first to nonify its employes of a shut down was the Chicago Sugar Refining Company. This throws 2,500 employes out of work.

The tie-up of the Northern Pacific is complete from St. Paul to Missouri. Reports up to 8 o'clock were to the effect that the Pacific division of the road was still open. At St. Paul all the men with the exception of the telegraph operators and clerks in the general offices had left their places. The shops at Como, Minn. are deserted. and the officers of the road are assured

A ROMANTIC LIFE.

Miss Nina Price, the Waif, Wedded in New York Yesterday A Deserted Tot.

Miss Nina Price and Mr. Henry Dodge Tichenor took place to-day at noon at the home of the bridegroom's parents. Colonel and Mrs. George C. Tichenor, Colonel and Mrs. George C. Tichenor,

Assistant Secretary of the Treasury under President Harrison, and is now president of the Board of General Appraisers,

been celebrated at the residence of Mr.
and Mrs. J. Cooper Price, at Toledo,
Ohio, but the change of plan was due
to the ill health of the elder Mr. Tichenor at the time set for the ceremony.
The career of Miss Price is of peculiarly
dramatic interest. Mr. J. Cooper Price,
her foster father, is a well-known and
wealthy resident of Toledo. He comblined in a novel way brisk business
methods with a sort of religious accompaniment. He carried these ideas
out in his advertisements, which are
among the largest of the time. He
adopted as his trade-mark, which inured in conspicuous fashion on fenceand posts for many miles around Toledo,
"T. T. L. P. I. M. T.," which represented "in the Lord Put I My Trust."
When the bride of to-day was in her
sixth year or thereabours, she was
abandoned by her parents, and with another little tot she wandered into the
Mission House found by Mr. Price. He
took a great fancy to the waif, and
legally adopted her and gave her his
family name. Though a great deal of
money was spent in following claes the
mystery of her parentage was never
solved. No. 82 Irving place. Colonel Tichenor was

From the day the Prices undertock the legal adoption of their protege, they have been the special objects of would be blackmailers. Some of the schemes to extract money from them were of a highly original order. The first claim made was for \$25,000. This money was demanded by a strolling gypsy woman, who claimed to be the mother of the adopted child, but she was shown to be an impostor. Then a man named Sshwartze made an abortive effort to exhabitsh relationship with the adopted girl. assimptize made an aterfive effort to ex-tablish relationship with the adopted girt, and later a man from Texas also claim-ed to be Miss Price's father, but it was easily proved that he also was a swindier.

Since this last claim the entire Price household has been constantly exposed to great agnoyance, and efforts were made to adduct the child. So serious did these annoyances become, that the Prices were compelled to have guardians of the peace in their home.

Only relatives were present at the ceremony to-day, which was performed by Rev. Everard Komphail, of Eduabeth. The bride was attired in a traveling costume, and shortly after the ceremony the couple started for the moun.

Miss Price is an extremely handsom young woman of the brunette type, an highly accomplished. For time years should be a supported by the support of the cultivation of her soprano voice, which is of great sweetness and compass.
